FROM THE PRINCIPAL

November 16, 2016

I hope you've had the opportunity to schedule a conference with your child's teacher(s) for either Monday, November 21st 1:00 PM to 7:00 PM or Tuesday, November 22nd 9:00 AM to 3:00 PM. The teachers have been working very hard to get ready for your visit. Report cards will be emailed to you on Friday afternoon. For those of you who have access to on-line grading, there should be no surprises. You should be able to print the reports or just review the digital copy in the email. Since this will be the first time using our new system, please have patience. I do not anticipate problems but sometimes technology has a mind of its own!

Many of you may have noticed the new benches in the grassy area near the play structure. (See picture below!) These are gifts from the classes of 2015 & 2016! They are an awesome addition to our play area. A big thank to Mr. Scott Lovdal for setting up the installation of the benches. It is wonderful to have such caring parents to help us with all of our needs.

Thank you to everyone who helped with our Veteran's Day celebration. It was wonderful to have a representative from Wounded Warrior Project talk to the students and share how his experiences as a Sergeant in the Army deployed in Afghanistan influenced him to be part of this very worthy organization. The Student Council presented him with a check for \$1,534.21 from all of the student fundraising events held at school. I am so proud of everyone for their participation!

The Catholic Education Foundation supported by the Archdiocese of Cincinnati's capital campaign, One Faith, One Hope, One Love has set aside \$50 million in tuition assistance for all archdiocesan schools. Approximately 80% of the tuition assistance funds available annually will aid Catholic School students in grades Kindergarten through 8th Grade. Beginning in the school year 2017-18, these funds will be available for families who qualify. For more information on this program and to apply for tuition assistance, please visit www.catholicbestchoice.org.

Blessings to All,

Mrs. Terri Cento

POST BOAST - SPOTLIGHT ON CLASSROOMS

Animals and Habitats

The second graders picked an animal from the grab bag to initiate his or her Habitat Project. The animal was then sent home and the fun began! Each child created a habitat filled with God's creation for his or her chosen animal. The students did a fantastic job and enjoyed sharing what they learned with the Kindergarten and First Grade students. Way to go, **SECOND GRADE!**

MESSAGE FROM THE SCHOOL NURSE

Special Request:

We keep used clothing in the dinic in case of emergencies. The dinic is in need of size 4 and 5 boys pants. If you have any you would like to donate to the dinic, we would appreciate it.

How is a concussion treated? Any person suspected of having a concussion needs to see a doctor. A concussion needs to be treated right away. Treatment consists of resting the body and the brain. It is important for a person to be allowed to slowly return to regular activities.

If symptoms return, it is a sign that person is pushing themselves too hard. One needs to change their school or work schedule while they are recovering and get plenty of sleep at night.
