

Important!!!

Dear Kindergarten Parents,

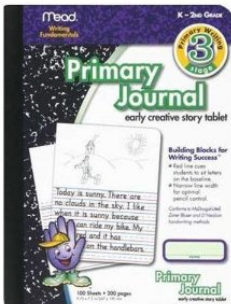

These are your child's summer assignments before entering first grade:

1. LANGUAGE ARTS: The Reading Comprehension Summer Solutions book (**Level K**) should be purchased and completed in its entirety. We also expect that your child continually reads books of their choice throughout the summer.
2. MATH: The Common Core Mathematics Summer Solutions book (**Level K**) also must be purchased and completed in its entirety.

Books can be ordered at www.summersolutions.net. School code is CAR45226.

Both the Language Arts and Math Summer Solutions books are due on the **First Day of School**.

The 1st grade school supply list includes a Primary Journal Composition notebook. If you are buying supplies on your own, please make sure that it is similar to this Mead Primary Journal and has a space for illustrations on each page.

If you have any questions, please email Sue Sieber. Her email addresses can be found on the school website.

Thanks so much and enjoy the summer!

Laura Case and Sue Sieber
