

## Cardinal Pacelli Preschool Photo Release Form

Dear Parents,

Digital imagery is playing an increasingly important role in the life of our school. Essentially every group within our school (teachers, staff, yearbook, development, communications, etc.) is using digital technology to enhance its efforts both within and outside the classroom.

In particular, digital imagery enhances the value all our publications; included in those "publications" are the website, individual faculty web pages, and any other form of electronic communication. By using digital imagery on our website, we can celebrate student achievement in ways much more powerful than we could only a few short years ago. Similarly, we can promote the benefits of our school much more effectively.

In it is in that light that we that we request that you grant us permission to use images of your child(ren) on our website or other electronic means of communication as appropriate. Your child will not be identified by name, and the images will not be used for any non-school related purposes.

To grant us that permission, please fill out the form below. If, however, you are not willing to grant us that permission, please respond as indicated.
